Held JANUARY 10, 1995

19

*1994* MAYOR'S ANNUAL REPORT TO COUNCIL  
(OHIO REVISED CODE SECTION 733.41)

During the past twelve months, several positive steps have been taken to bring the Village back to a sound financial base. These include collection of delinquent water and sewer revenues, income tax revenues, and cost effective management of current revenues.

In October, 1994, the Village of Windham received a Federal Grant for two additional police personnel. The success of this program now rests with the village residents and the passage of the additional  $\frac{1}{2}$ % income tax to support this program.

Windham Village Council and the Windham Exempted Schools and Administration have had two successful projects accomplished during October and November, 1994. The police department exterior was painted and the interior of the library.

Windham Village Administration and Council need to pursue several areas such as improvement in the Village Park, Water and Sewer Service, and a more efficient plan of Village's day to day operations.

Michael D Archon Mayor  
(Term Expires 12/31/95)

As, Mayor, I hereby make the following Committee appointments for 1995.

FINANCE

Cecil J Moore Chairman
